

Summer Study Preliminary Program

Day One: Wednesday, 29 February 2012

7.30 Registration Open

08.15 – 10.00 PLENARY: WELCOME BREAKFAST AND OFFICIAL OPENING

- *Jon Jutsen, Chairman, Australian Alliance to Save Energy*
Official welcome
- *Steve Nadel, Executive Director, American Council for an Energy Efficient Economy*
'Summer Studies - what are they all about?'
- *Kateri Callahan, President, The Alliance to Save Energy*
'Alliance to Save Energy: Building a worldwide campaign for energy efficiency'

10.00 – 11.00 NETWORKING SESSION

11.00 – 13.00 Streamed working sessions & discussion

MARKETS & REGULATION

1a. Mainstreaming Energy Efficiency: Are White Certificates 'the New Black?'

The Energy Saver Incentive: Learnings From a White Certificate Scheme – April Muirden, Dept of Primary Industry (Vic)*

Effective Energy Efficiency Obligations – David Crossley, The Regulatory Assistance Project & Sam Swanson, Energy Futures Australia

The NSW Energy Savings Scheme: An Effective Model for a National Energy Savings Initiative? – Margaret Sniffin, NSW IPART

PANEL LEADERS: Tristan Edis, Grattan Institute; the Hon. John Thwaites, ClimateWorks

TECHNOLOGY & PRACTICE

4. Learning From the Leaders: Journeys to Effective Energy Efficiency Programs

This workshop will give participants ideas for implementing effective energy efficiency programs, based on the success of others.

Three speakers will explain how they achieved energy efficiency gains in their organisations including overcoming common barriers.

PANEL LEADERS: Louise Vickery, Dept of Resources, Energy and Tourism; Dominic Zaal, Dept of Resources, Energy and Tourism

CULTURE & COMMUNICATION

8a. Engaging the Community - Effective Efficiency Strategies for Energy Affordability

Empowering Low Income Communities to Control Their Energy Consumption - Dr Nina Lansbury Hall, Science into Society Group, CSIRO, Qld*

Compact Fluorescent Lessons: Reflections of the Australian Experience with Efficient Lighting 2005-2011 – Robert Smith, Ausgrid

PANEL LEADERS: Giles Parkinson, Climate Spectator, Wendy Bacon Professor (UTS) and Journalist

13.00 – 14.00 LUNCH

14.00 – 16.00 Streamed working sessions & discussion

MARKETS & REGULATION

1b. International Best Practice 1: in Efficiency Focussed Carbon Mitigation Policy

Could do better: Best Practice Energy Efficiency Policy – Grayson Heffner, International Energy Agency

Energy Efficiency Compliance Regimes in APEC Economies – Mark Ellis, Mark Ellis & Associates

What Works and What Doesn't – Comparing Policy Packages for Products & Buildings - Frank Klinckenberg, Klinckenberg Consultants, Netherlands*

PANEL LEADERS: Tristan Edis, Grattan Institute; the Hon. John Thwaites, ClimateWorks

TECHNOLOGY & PRACTICE

5a. Mining 'Negawatts': Demand Management as a Resource

Demand Response for Smart Appliances - Australia Leading the World? - Taira Vora, Department of Climate Change and Energy Efficiency

Saving More Energy for Less Money Than You Ever Thought Possible - Rob Bishop, Energy Solutions Ltd

Engaging Large Electricity Users to Respond to Market Peak - Paul Troughton, EnerNOC

Energy Efficiency and Peak Demand - Peter Casey, Energex

PANEL LEADERS: Ross Fraser, EnerNOC; Paul Myers, Ausgrid

CULTURE & COMMUNICATION

8b. Making Efficiency Sexy: The Media's Role in Communicating Energy Efficiency to Engage the Public

Re-Energising Energy Efficiency: Overcoming Public Apathy and Disengagement to Reinspire Action – Sarah Cruickshank, OgilvyEarth

Social media: The new way to engage people in energy efficiency - Kevin Nellies, International Energy Agency, France*

PANEL LEADERS: Giles Parkinson, Climate Spectator; Wendy Bacon Professor (UTS) and Journalist

16.00 – 16.30 AFTERNOON BREAK

16.30 – 18.00 4 MINUTES OF FAME (open forum to share ideas, views and concepts - soapbox style)

18.30 – 22.30 EVENING BBQ

Summer Study Preliminary Program

Day Two: Thursday, 1 March 2012

08.30 – 10.30 Streamed working sessions

MARKETS & REGULATION

2a. International Best Practice 2: Effective Policies for Demand Management

The Big Switch: Can We Turn Power Companies into Sustainability Businesses? - Steve Nadel, ACEEE

Key Policies to Reform the Utility Business Model and Reduce Absolute Energy Demand - Lara Ettenson, Natural Resources Defence Council

Improving Impact Measurement to Make the Most of Demand Management - Amandine Denis, ClimateWorks Australia

Reframing Energy Efficiency From a Focus on Physical Equipment to Tradable Mechanisms and Performance Outcomes - Prof Alan Pears AM, RMIT University

PANEL LEADERS: Dr David Crossley - Energy Futures Australia; Mark Lendich, Energex

TECHNOLOGY & PRACTICE

6a. It's Parity Time!- Optimising Distributed Generation

Solar Photovoltaics – What Effect is it Having on the Grid? - Paul Myers, Ausgrid

Reciprocating Engine Technology in Co-generation & Tri-generation - Jon Coles, Energy Power Systems

Standardising Thermal Networks to Pave the Way for Distributed Generation - Jennifer Baltatzidis, Origin Energy

Distributed Generation & Local Communities - Bruce Thompson, MEFL

PANEL LEADERS: Glenn Platt, CSIRO; Prof Hugh Outhred - UNSW

CULTURE & COMMUNICATION

9a. Creating an Efficiency Culture: Communicating to Business, Change Management and Engaging Staff

*Walking the Talk - How to Re-Engineer a Corporate Energy Culture** - Steve Schultz - 3M, USA

Simple, Timely & Actionable Data Improves Commercial Office Building Performance - Craig Roussac, Investa Sustainability Institute

Addressing Information Barriers to Energy Efficiency Through User-Centred Communication - Vanessa Morris, Dept of Resources, Energy and Tourism

Strategic Use of Measurement & Verification Information - John Annas and Rob Sims, Energetics

PANEL LEADERS: Bruce Precious, GPT Group; Siobhan Toohill, Stockland

10.30 – 11.00 MORNING BREAK		
11.00 – 12.30 PLENARY: INTERNATIONAL PERSPECTIVES ON ENERGY EFFICIENCY AND DEMAND MANAGEMENT - <i>Chris Dunstan – CEO, The Australian Alliance to Save Energy Chair</i> - <i>David Sweet, Executive Director, World Alliance for Decentralised Energy (USA)</i> - <i>Wanxing Wang, Program Director, The China Sustainable Energy Program (CHINA)* 'Energy Efficiency and Demand Management in China'</i> - <i>Amit Bando, Executive Director, International Partnership for Energy Efficiency Cooperation (FRANCE)* 'Expanding Horizons: Energy Efficiency in the Asia.'</i> - <i>Philip Sellwood, Chief Executive, Energy Savings Trust (UK) 'Making Efficiency Our Number One Energy Resource'</i>		
12.30 – 13.30 LUNCH		
13.30 – 15.00 COMMUNITY RENEWABLES FORUM	13.30 – 15.00 OPEN INFORMAL SESSION	13.30 – 15.00 OPEN INFORMAL SESSION
13.30 – 13.50 Energy Savings Through Flash Steam Recovery , Craig McKnight, Spirax Sarco		
13.50 – 14.10 NSW ESS Commercial Lighting Calculation Tool , Lucas Boardman, IPART		
15.00 – 15.30 AFTERNOON BREAK		
15.30 – 17.00 ENERGY EFFICIENCY FINANCING INFORMAL SESSION	16.00 – 17.30 10. Driving change in transport: Efficient mobility and electric vehicles PANEL LEADERS: Chris Baker, Department of Climate Change and Energy Efficiency, Philippe Reboul, RBL/Electric Vehicle Conference	16.00 – 17.30 OPEN INFORMAL SESSION
18.00 – 23.00 HARBOUR CRUISE (tbc)		

Summer Study Preliminary Program

Day Three: Friday, 2 March 2012

08.30 – 10.30 Streamed working sessions

MARKETS & REGULATION

3a. Raising the Bar: Efficiency Standards for Appliances & Equipment

Assessing Trends in Standby Power in Australia – The Challenges of Crafting a Policy to Fit the Ugly Reality - Jack Brown, Energy Efficient Strategies

Let There Be Light: What We Know and Where We Are Going With Lighting in Australia - Steven Beletich, Beletich Australia & Lloyd Harrington, Energy Efficient Strategies

How Smart Appliances Could Transform Energy Labels - Dr Alan Meier, Lawrence Berkeley National Laboratory, USA

PANEL LEADERS: Mel Slade, Dept of Climate Change & Energy; Phil Harrington, pitt&sherry; Lloyd Harrington, Energy Efficient Strategies

TECHNOLOGY & PRACTICE

7. Energy Efficiency Skills and Training

Skills & Training for Energy Efficiency: Are we Making Headway - Val MacGregor, Green Skills Training Manager, Sustainability Victoria

Industry Perspectives on Energy Efficiency & Working Across Governments - Linda White & Camille Carroll, Dept Industry, Innovation, Science, Research & Tertiary Education

Aligning University Engineering Curricula for an Energy Efficient Future - Luiz Ribeiro, Dept of Resources, Energy and Tourism, Industrial Energy Efficiency Branch

Learning and Change for Energy Efficiency: A Role for Accountants and Business Managers - Professor Suzanne Benn, UTS Business School.

PANEL LEADERS: Prof Suzanne Benn, UTS Business School; Jenniy Gregory, Dept of Primary Industries

CULTURE & COMMUNICATION

9b. International Best Practice 3: Developments in Energy and Carbon Management for Business

The Evolution of Energy Efficiency Practice: Leading Practices in the UK Real Estate Sector - Patrick Crittenden, Sustainable Business Pty Ltd

Sydney Water's Energy and Greenhouse Gas Mitigation Strategy - Daniel Cooper, Phil Woods, Sarah Spurrett

The Practical Application of ISO50001: 2011 – Energy Management Systems - Scott Noyes, Schneider Electric

PANEL LEADERS: Bruce Precious, GPT Group; Siobhan Toohill, Stockland

10.30 – 11.00 MORNING BREAK

11.00 – 12.30 Streamed working sessions

MARKETS & REGULATION

3b. Raising the Bar: Efficiency Standards for Residential Buildings

Pushing Toward Zero Carbon Home - Stephen Berry, University of South Australia

Post-Occupancy Performance Assessment of Building Envelope, Appliances & Energy Supply/Demand of Contemporary Sub-Tropical Sustainable Homes - Wendy Miller & Professor John Bell, Queensland University of Technology

The cost of complying with energy efficiency standards for new houses - Gordon McAllister, Department of Climate Change and Energy Efficiency

PANEL LEADERS: Mel Slade, Dept of Climate Change & Energy; Phil Harrington, pitt&sherry; Lloyd Harrington, Energy Efficient Strategies

TECHNOLOGY & PRACTICE

5b. Demands at Home: Effective Residential Demand Management

Residential Demand Management: Running Before We Can Crawl? - Yann Burden, Energy Return

The Newington Smart Home - Terry Daly, Ausgrid

Retrofitting Existing Houses - Theory vs Practice - Ian McNicol, Sustainability Victoria

PANEL LEADERS: Ross Fraser, EnerNOC; Paul Myers, Ausgrid

MARKETS & REGULATION

2b. Watts in a NEM?: Reforming the National Electricity Market for Energy Efficiency and Distributed Generation

Unsplitting the Atom: Overcoming Split Incentives in the Australian National Energy Market - Craig Memery, Alternative Technology Association

Systemic Biases in the NEM: Barriers to Greater Demand-side Participation - Glen Wright, Total Environment Centre

Reforming the NEM to Unblock Barriers to Cogeneration - Anna Skarbek, ClimateWorks Australia*

Introduction and Progress of the APEC Smart Grid Initiative,* Cary Bloyd, Pacific Northwest National Laboratory

PANEL LEADERS: Dr David Crossley - Energy Futures Australia; Mark Lendich, Energex

Summer Study Preliminary Program

Day Three: Friday, 2 March 2012 (cont'd)

12.30 – 15.00

PLENARY: INAUGURAL ENERGY EFFICIENCY CHAMPIONS AWARDS LUNCH

Keynote address: Parliamentary Secretary Mark Dreyfus QC

Australia's Clean Energy Revolution

Awards presentation

PANEL DISCUSSION: SO NOW WHAT? Next Steps for Catalysing an Energy Efficiency Revolution

Grayson Heffner, International Energy Agency

Steve Nadel, ACEEE

Philip Sellwood, Energy Savings Trust

Chris Dunstan, Australian Alliance to Save Energy

CLOSING ADDRESS AND DRINKS

15.00 – 17.00

Meeting rooms available for networking, informal events etc.

** To be confirmed*
